2011 Powerball Match Play

Twelve members participated in this year's Match Play event and the trial of our new "Powerball" feature offered some exciting twists!

In the championship match, Richard Carroll squared off against Dave Lewis at Desert Mountain. In the first 18 holes, Dave Lewis squeaked out a victory; however, Richard Carroll immediately exercised his unused Powerball option as the only undefeated player that remained going into the final round (Dave Lewis used his powerball after an earlier defeat). So, with both players having only a single loss at this point, the last and final 18 holes was played. Richard Carroll won that final match 5 4 over Dave Lewis to become this years SGL MATCH PLAY CHAMPION! Join me in wishing Richard congratulations!!!

Dave Lewis was awarded second place. In the consolation match competition, Kerry Hutchings was awarded third place and Bill Christensen received fourth place honors. Congratulations to each of these players for their achievements as well.

I want to thank everyone who participated in our Match Play event and hope that everyone enjoyed the experience. Match play is a fun alternative to our normal stroke play events; and certainly unpredictable as only the game of golf can be. And it never fails, we all learn a few things about ourselves and the game along the way.

Be sure to check out our Saturday Golf League web site to see more on the Match Play results, including the payout awards for 1st-4th place finishers. If you did not get the chance to play in our Match Play tournament, be sure to consider playing in future match play coming again next season.

I hope everyone is enjoying their summer,

Fore now,

Tony Albrecht
Saturday Golf League
